## Flex-Trunk® (FT-500) and Flex-Trunk® Plus

Effective source capture of dust, fume or smoke produced in industrial processes.

Flex-Trunk®

Flex-Trunk Plus

- Extremely easy to position at the source when extracting dirty air from the workplace and the worker's breathing zone.
- Flex-Trunk and Flex-Trunk Plus arms feature a 360° free rotation with smooth, low-friction maneuverability that engages positively when positioned.
- Mounting configurations include ceiling, wall, overhead collector, and standard.
- Scratch resistant black baked enamel coating; lightweight and durable arm ducts.
- Virtually maintenance free.
- Various sizes available.
- Extraction arms are standard components on other Donaldson Torit collectors.
- One-year warranty.
